Governor Walker Decision

(Keshena, WI) – It is with great disappointment that I relay the message I received minutes ago from the Wisconsin Secretary of Administration, Mike Huebsch. Governor Walker will be announcing shortly his decision to say no to our Kenosha Casino proposal.

It is our belief that this project would have improved the lives of the nearly 9000 members of the Tribe. Instead, one Tribe – the Forest County Potawatomi and one goal of Governor Walker – the Presidency has led to a no for our people.

The Tribe and our partners at Hard Rock International will meet in the next few days to discuss any options we have. Until then – we must remember all the Menominee Nation has overcome in more than 10,000 years – we will continue to thrive as a Nation and will continue to be honorable partners for Indian Tribes in Wisconsin and around the Nation.
